

CALIFORNIA TO UTAH – TB TEST EXEMPTION IMPORT PERMIT
PERMIT NUMBER = _____

The following Import Permit, when completed and signed by the owner and the State Veterinarians of California and Utah, will allow the importation of beef feeder cattle without a caudal fold tuberculosis test.

All imported feeder cattle **MUST BE ACCOMPANIED** by a **Certificate of Veterinary Inspection** and a **Brand Inspection Certificate** issued prior to movement, and a copy of this TB Test Exemption Import Permit. The above permit number serves as the owner's import permit number and is to be written on the Certificate of Veterinary Inspection.

Please complete the information requested; your application may be returned if all information is not furnished.

SECTION I

SECTION II – Please read carefully and sign below

1. All imported feeder cattle shall originate from an area of California that is not epidemiologically or geographically linked to a TB investigation. Cattle commingled with Mexican steers while in California will be required to be TB test negative.
2. The California and the Utah facilities shall be required to obtain a NAIS Premises Identification Number and the PIN shall be listed on this import permit.
3. All imported feeder cattle shall be individually identified with an official eartag that links to the state of origin and is approved by the Utah state veterinarian.
4. All imported feeder cattle must be inspected by a California brand inspector at the premises of origin. The Brand Inspection Certificate, a Certificate of Veterinary Inspection and a copy of this California TB Test Exemption Permit shall accompany the movement to Utah. The cattle covered by this permit may be inspected by the Utah Department of Agriculture and Food upon arrival in Utah.
5. The imported feeder cattle shall not commingle (occupy common grazing enclosures) with Utah breeding cattle at any time while in Utah.
6. All imported feeder cattle shall be brand inspected by a Utah brand inspector when leaving the Utah premises listed on this permit and shall remain in slaughter channels.
7. Non-compliance with this permit may result in corrective actions or TB testing of cattle imported on this permit.
